

## **RSDSA Gold Circle Corporate Membership**

**Reflex Sympathetic Dystrophy Syndrome Association (RSDSA)** would like to invite corporations to support the general mission and on-going work of our organization. Our mission traditionally has been to promote public and professional awareness of CRPS and to educate those afflicted with the syndrome, their families, friends, insurance and healthcare providers on the disabling pain it causes. We want to find a cure and although we in no way minimize the devastating effects of CRPS, we feel our greater mission is to offer hope for everyone who calls our offices, visits our website, or joins our organization. With RSDSA, they are no longer fighting the battle alone. We hope that corporations like yours will help us meet this mission.

In an effort to encourage your support, we have outlined below the requirements, rights, and privileges of RSDSA corporate members.
